Dear "Turk":

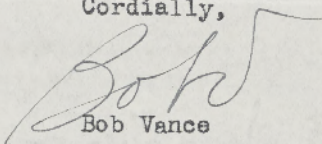

I have your suggestion for a mention of the Negro Professional League on the Arch Ward Radio Program.

I think you should explain to them, when you see Mr. and Mrs. Abe Manley, that we are no longer on a nation-wide hookup and that our program only covers the Chicago area. We have found it necessary to confine any remarks regarding various teams or leagues to the guest appearances of members. If an outstanding player, or if Mr. and Mrs. Manley were in Chicago at the time of the broadcast, we could easily arrange for them to appear, but otherwise there would be little that Arch Ward could do to make this topic of unusual interest to listeners in this territory.

If we ever go back on a coast-to-coast hookup, we certainly will bear your suggestion in mind and see what can be arranged.

Best regards.

Cordially,

  
Bob Vance
